Cross-Site Scripting (XSS)

- In this 4th lab, we practice with XSS
- Again, you need OWASP WebGoat
    - In this slide you'll find again the instructions for installing it
- <u>Today module to complete</u>
    - Module (found in A3) named Cross-Site Scripting

Report

- Discuss the module you completed
  - What did you learn? Write your reflections and insights
- Attach a couple of screenshots that show what you have done
  - Hackers take "trophy pictures" all the time, vanity is the keyword! ;-)
- Strict deadline for handing in the report
  - ***May 26th 23:59***
